

My snow man has three large snowballs one is at the bottom of the snowman and this is the largest one it is white and has a bunch of lime green firework things. The second snow ball is smaller than the last one but bigger than the first snow ball this one has 3 medals one is blue one is green and one is magenta and the top snow ball is the smallest my snow man has 5 black circles that looks like Chloe and an orange triangle that looks like a carrot. He also has sun glasses over his eyes and he also has a top hat on his head. But of course you can't have a snow man without arms he has brown arms like sticks with 3 fingers.
